

Rajakarungan J

Chennai, Tamil Nadu | +91-8220782385 | rajakarunganj@gmail.com

PROFESSIONAL SUMMARY

- Full-Stack Developer with 1+ year of experience in building scalable, high-performance web applications
- Expertise in React, NestJS, PostgreSQL, and TypeORM
- Experienced in REST APIs, JWT/OAuth authentication, and microservices architecture
- Strong in responsive UI development and reusable component design
- Focused on clean code, performance optimization, and scalable systems

SKILLS

Frontend: React, React Native, JavaScript, TypeScript, Material UI, HTML, CSS,

Backend: NestJS, Microservices Architecture

Database: PostgreSQL, TypeORM

Cloud & DevOps: AWS, Docker, Vercel

Version Control: Git, GitHub, GitLab, Bitbucket

API & Security: REST APIs, JWT, OAuth, RBAC

Tools: VS Code, Swagger, Figma UI/UX

Concepts: Clean Architecture, Performance Optimization

EXPERIENCE

Software Engineer | Soaring, Coimbatore | Apr 2025 – Present

- Developed scalable web applications using React, Material UI, and Tailwind CSS
- Designed and implemented RESTful APIs using NestJS
- Built reusable UI components
- Implemented JWT authentication and RBAC
- Optimized PostgreSQL queries
- Integrated frontend and backend systems
- Participated in code reviews and best practices
- Resolved production issues and improved stability

PROJECTS

Edumee – Educational Platform

- Built a structured learning platform using **React (Web)** and **NestJS backend**
- Implemented secure authentication using **JWT and RBAC**
- Designed scalable backend with **PostgreSQL + TypeORM**
- Documented APIs using **Swagger**

Edumee – Mobile Learning Application (React Native)

- Developed a **cross-platform mobile application** using **React Native** (Android & iOS)
- Built modern UI using **React Native Paper** following Material Design principles
- Integrated **REST APIs** for course content, user progress, and modules
- Implemented **JWT-based authentication** with secure token handling
- Designed responsive layouts and reusable mobile components
- Ensured smooth navigation and user-friendly experience

Sumarg – Finance Management Application

- Built backend services using **NestJS microservices architecture**
- Designed optimized **PostgreSQL schema** for financial data
- Developed secure and scalable APIs for financial operations
- Focused on performance and modular service design

EDUCATION

BE – Computer Science and Engineering | Gnanamani College Of Technology| Anna University | 2024 | CGPA: 7.73

HSC | R.C . Hr. Sec. School, | 2020 | 70%

SSLC | N.S.V.V. Boys Hr. Sec. School, | 2018 | 70.04%
